

Air 1 serves us in our local community. The service provided by Air 1 is in the public interest. Myself and others listen to this station every day at work. This station is an positive alternative to other stations that are broadcasted. God uses this station to help reach people. If Air 1 were to be displaced by an LPFM broadcaster providing other programming in our community, it would greatly effect the outreach to help people in need. Especially in today's society, we need a station like this. Please consider our comments and concerns.
